

Achieve Your Active Lifestyle Goals

Sales Associate / Shoe Guru

We are looking for Sales Associates (aka Shoe Gurus) who love helping people move better, feel better, and reach their active lifestyle goals.

This is not a transactional retail job. You'll spend your day connecting with people, learning their story, fitting them properly, and recommending solutions that make a difference.

What You'll Do

- Greet and engage every customer with genuine curiosity
- Ask smart questions to understand goals, injuries, training, or lifestyle needs
- Guide customers through our professional fit process
- Recommend footwear, gear, and accessories with confidence and care
- Help maintain a clean, organized, and welcoming store
- Support opening/closing tasks and basic inventory needs

What We're Looking For

- Strong people skills and a customer-first mindset
- Interest in running, fitness, or helping people live healthier lives
- Willingness to learn product knowledge and selling skills
- Comfortable in a fast-paced, team-oriented environment

Retail or running experience is a plus — not required. We'll train the right person.

2 weekday shifts and a minimum of one weekend shift required.
